History, art and culture

Mezquita Catedral de Córdoba

Declared Cultural Heritage of Humanity by UNESCO in 1984, it is the most symbolic monument in the city

Medina Azahara

It was the most beautiful example of the splendor of Al-Andalus and according to legend it was born from a love story, and another of wars, which destroyed it when it was only 70 years old. We recommend you a guided tour.

Charming towns

Priego de Córdoba

Known as “the jewel of Córdoba’s baroque” and “the city of water” for its many fountains, this corner of subbetic Córdoba is, for many, the most beautiful town in the province.

Zuheros

Just 70 km from Córdoba we find one of the most charming and beautiful towns in Spain. We recommend its old town and visit the cave of the bats.

Iznájar

Its privileged location allows it to have viewpoints from where you can get impressive views of the region.

Almodóvar del Río

For fans of the Game of Thrones series, Almodóvar Castle gave life to two different kingdoms. On the one hand, the castle dungeons were part of the Kingdom of Casterly Rock and on the other, the fortress in its entirety staged the Kingdom of House Tyrell, Highgarden.

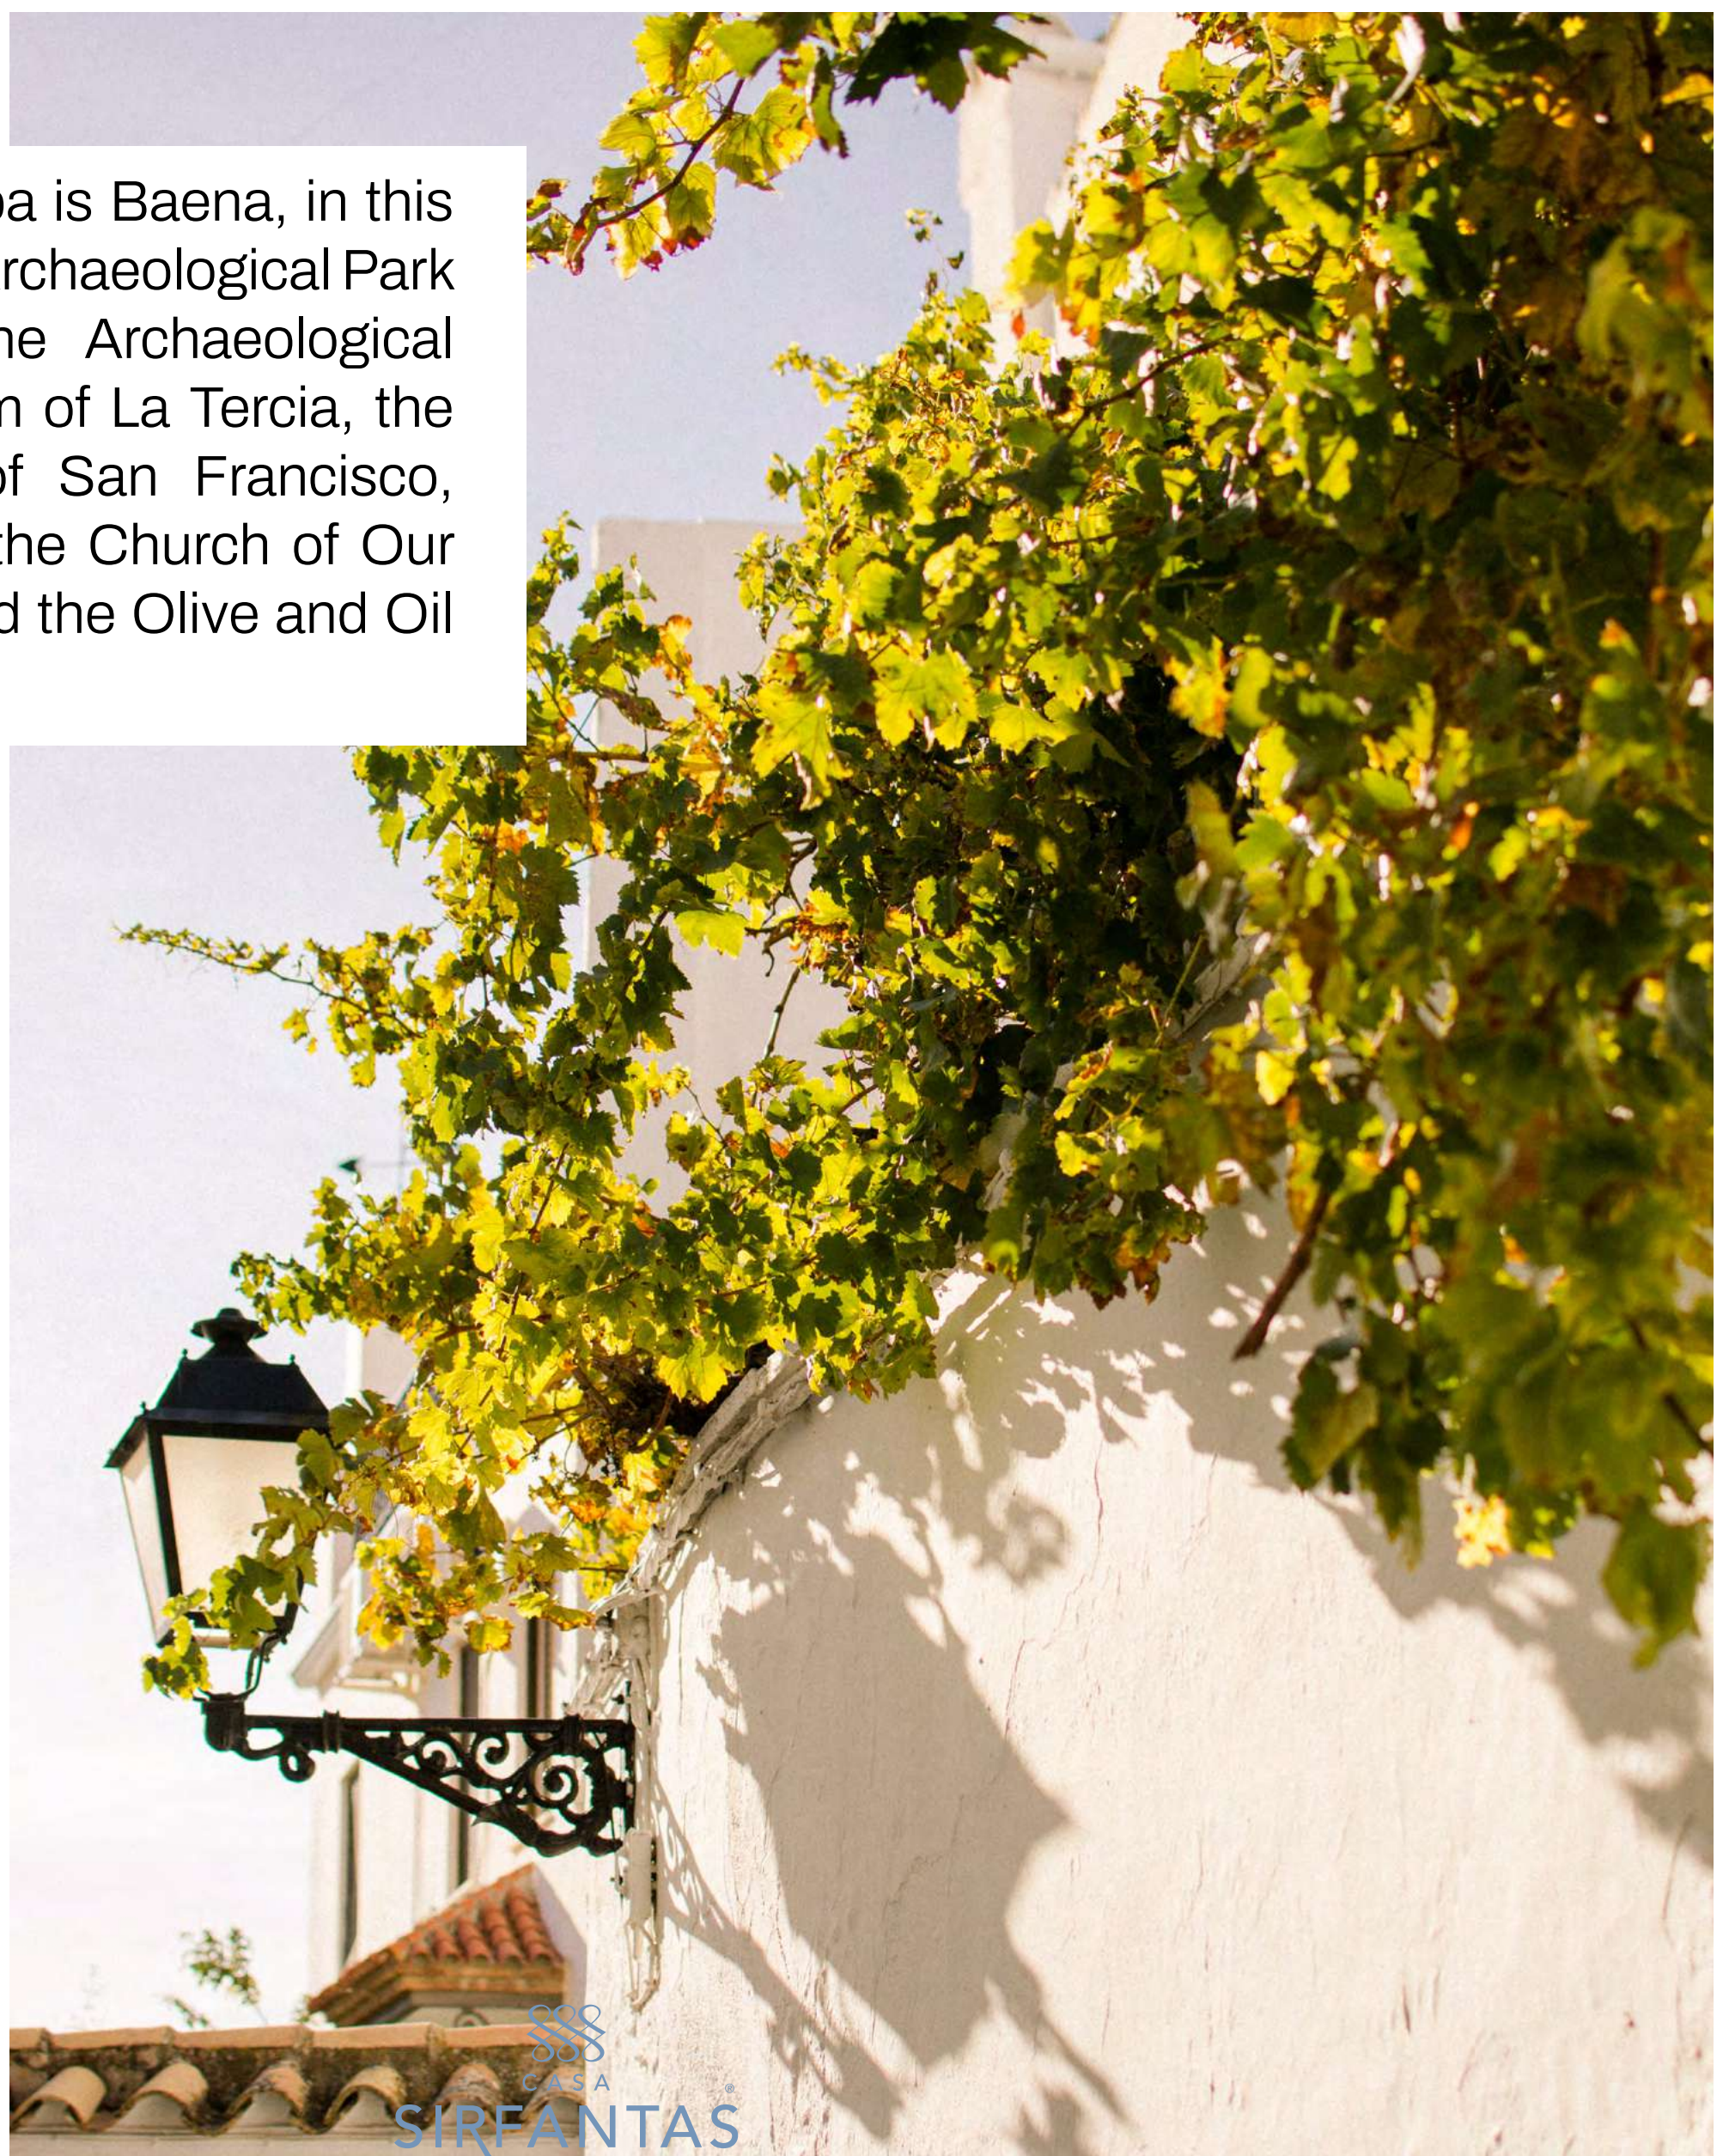

Hornachuelos

The Moratalla Palace, the Hornachuelos Natural Park, its hanging houses and its viewpoints are some of the things you can find in this town of Sierra Morena.

Baena

One hour from Córdoba is Baena, in this town you can visit the Archaeological Park of Torreparedones, the Archaeological and Historical Museum of La Tercia, the Conventual Church of San Francisco, the Castle of Baena, the Church of Our Lady of Guadalupe and the Olive and Oil Museum.
