# Mezquita Catedral de Córdoba

Declared **Cultural Heritage of Humanity** by **UNESCO** in 1984, it is the most symbolic monument in the city

## Medina Azahara

It was the most beautiful example of the **splendor of Al-Andalus** and according to legend it was born from a love story, and another of wars, which destroyed it when it was only 70 years old. We recommend you a guided tour.

In just three editions, FLORA has managed to position itself on the international agenda of flower culture with a powerful weapon: nowhere else in the world is it possible to visit a selection of floral installations by international artists like the one enjoyed in the same day in Córdoba every October.

# EXPERIENCES

## Fernandina Route

Consists of visiting the 11 churches which Fernando III "The Saint" ordered to be built between the mid 13th and the early 14th centuries in different areas of the city - which is why they are known as "Fernandine Churches".

# Charming towns

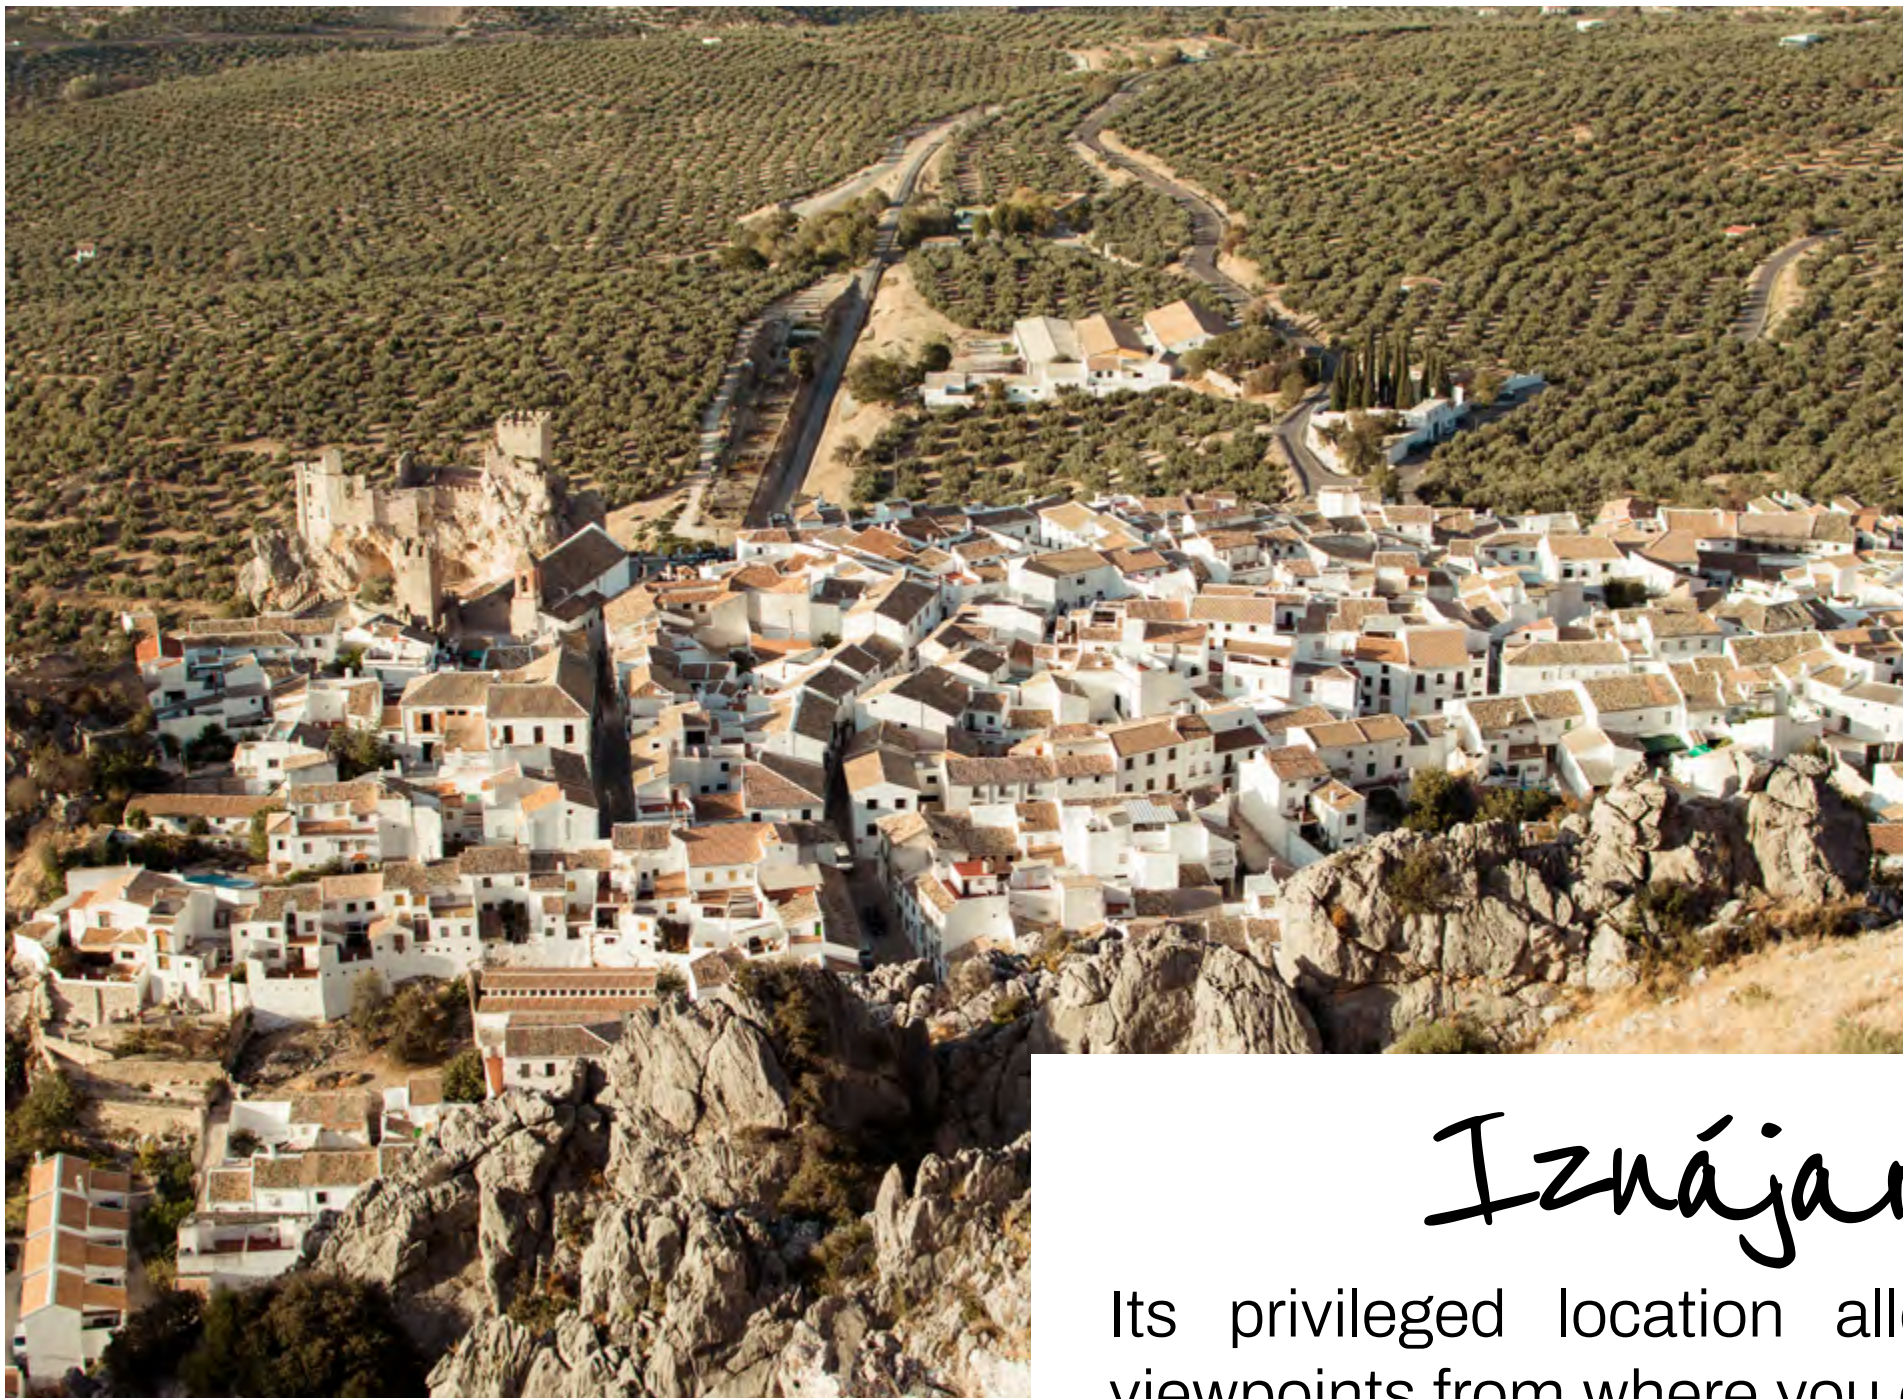

## Priego de Córdoba

Known as “the jewel of Córdoba’s baroque” and “the city of water” for its many fountains, this corner of subbetic Córdoba is, for many, the most beautiful town in the province.

## Zuheros

Just 70 km from Córdoba we find one of the most charming and beautiful towns in Spain. We recommend its old town and visit the cave of the bats.

## Iznájar

Its privileged location allows it to have viewpoints from where you can get impressive views of the region.

## Almodóvar del Río

For fans of the Game of Thrones series, Almodóvar Castle gave life to two different kingdoms. On the one hand, the castle dungeons were part of the Kingdom of Casterly Rock and on the other, the fortress in its entirety staged the Kingdom of House Tyrell, Highgarden.

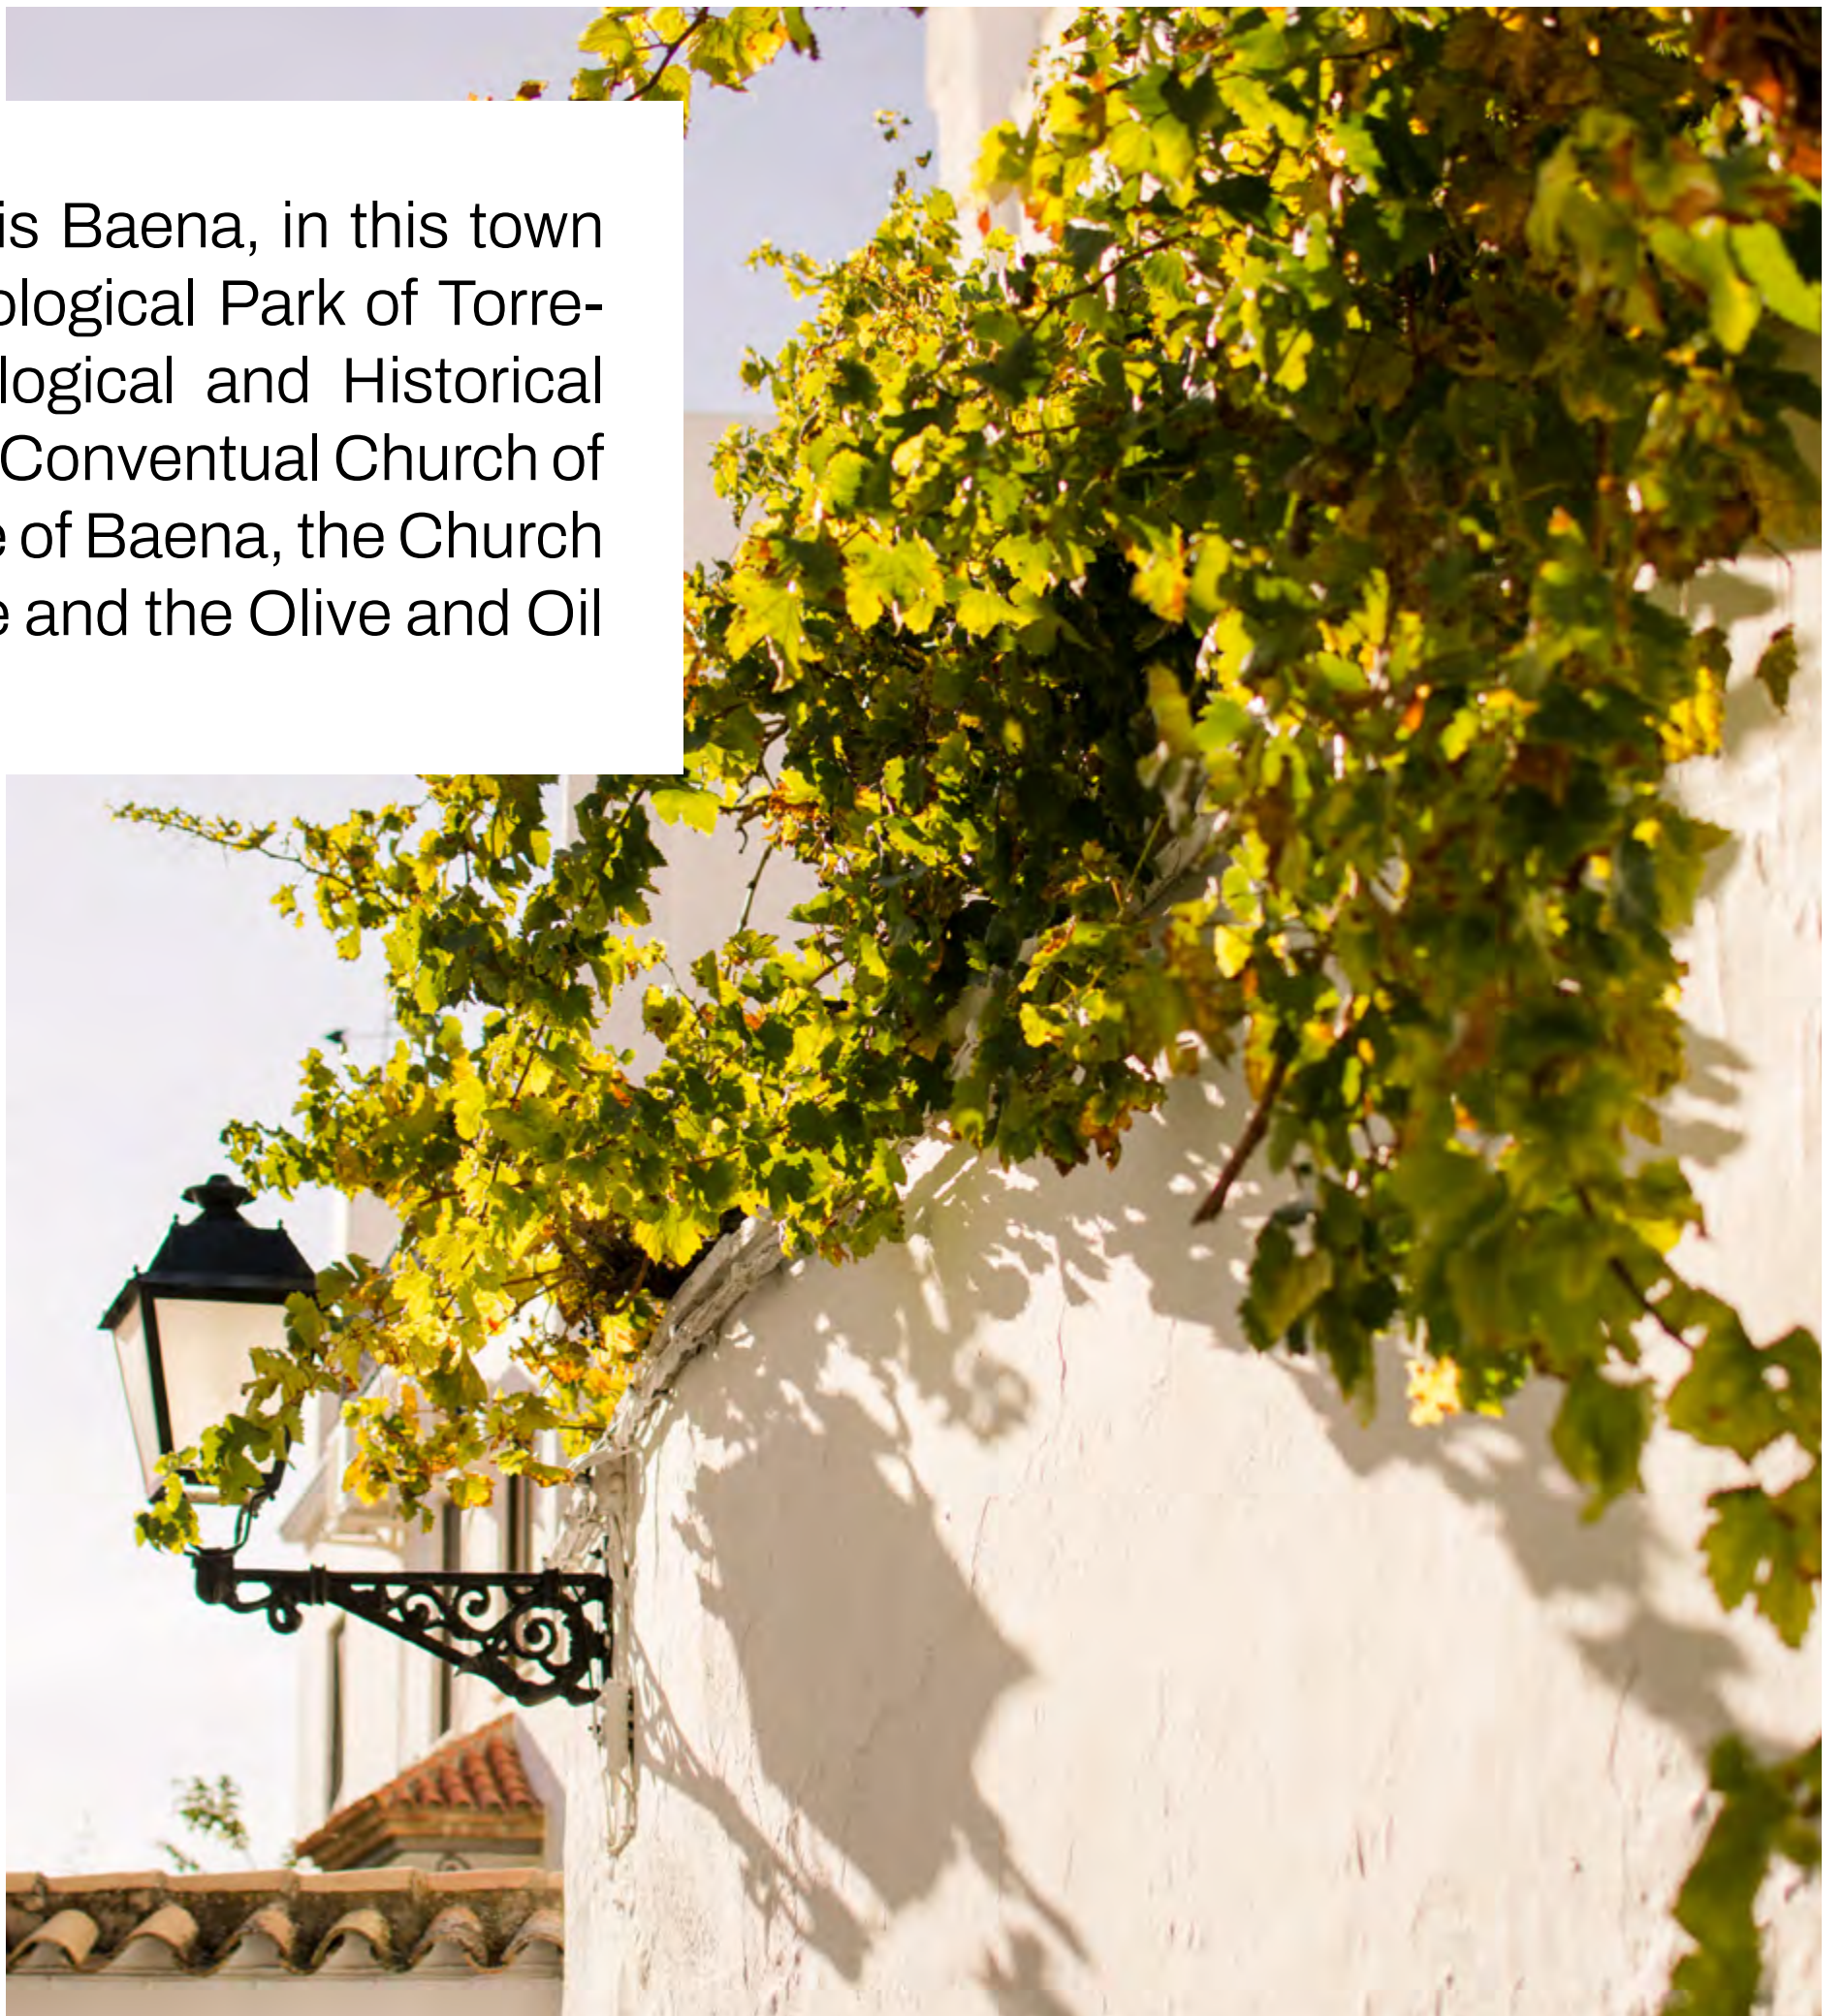

## Hornachuelos

The Moratalla Palace, the Hornachuelos Natural Park, its hanging houses and its viewpoints are some of the things you can find in this town of Sierra Morena.

## Baena

One hour from Córdoba is Baena, in this town you can visit the Archaeological Park of Torreparedones, the Archaeological and Historical Museum of La Tercia, the Conventual Church of San Francisco, the Castle of Baena, the Church of Our Lady of Guadalupe and the Olive and Oil Museum.

Cordovan filigree

Handmade silver jewelry inspired by traditional  
Cordoba goldsmithing.

Extra Virgin  
Olive Oil

If you want to take a **souvenir from Córdoba**, we recommend our Extra Virgin Olive Oil. It is a superior category oil, with an acidity of less than 0.3%, golden-green in color, the result of a blend of three varieties; **Picual, Hojiblanca and Arbequina**.

It stands out for its intense fruitiness with green nuances and a harmonious and persistent spiciness and bitterness. Its fresh flavor and aroma presents clear herbal notes, with hints of tomato, fig, artichoke, olive leaves, freshly cut grass and banana peel.

**TYPE OF CONTAINER:** Glass / **QUANTITY:** 0.50 liters.  
**OLIVE VARIETIES:** Picual, Arbequina and Hojiblanca
